

April 2-4
Hyatt Regency Capitol Hill
Washington, D.C.

STAND UP FOR RURAL AMERICA!

Nothing is more important than clean, safe, affordable water and Rural Water's initiatives are the most effective! Your effort and system's representation at the Rally is critical to ensuring that RUS loan and grant monies remain available to build, extend and upgrade the nation's rural and small water and wastewater systems.

Protecting ground water and source water, effective training and "on-site" assistance are all powerful initiatives that deliver results to thousands of rural and small communities. Small utility systems must pull together at the grassroots level to achieve efficient environmental progress.

Funding from Congress allows the Rural Water network of state rural water associations to better serve each state's small and rural utilities. Your voice in Washington, D.C. is important in educating Congress on the needs of rural systems and the success your Rural Water Association has helped you achieve! It's your time to Stand Up for Rural America!

Please pre-register before March 3, 2006. For your convenience, there are four easy ways to register:

By Fax
580-255-4476
Credit Card
Registrations Only

By Phone
